TriCAM^{CVR} Image System CX560

Multifunctional Intraoral Camera, Viewer & X-Ray Film Reader

A versatile and stylishly designed TriCAM CX560 is integrated with a high resolution intraoral camera, a 5.6" TFT LCD screen, and a X-ray film reader. Images captured from the intraoral camera or the X-ray film reader can all be saved with the simple press of a button to the SD card. The unit can freely rotate in every angle for better operation, and TriCAM can also be integrated into cabinets or dental units.

- Can connect by video and VGA output to another monitor.
- Easily switch between viewing intraoral camera images and X-ray film reader images.
