# FreeCAM PM-160

## Intraoral Camera

The compact all-in-one intraoral camera, FreeCAM PM-160, is wireless and comes with a rechargeable battery, a small monitor, and a microSD card that allows for freedom of use anywhere in the clinic. Without a docking station and any software requirements, it is one of the most convenient and user-friendly intraoral cameras on the market.

- Compact design integrating the intraoral camera, mini LCD display, and rechargeable battery.
- Auto-focusing CMOS lens.
- Clear real time images.
- Lightweight handpiece with 6 ultra-bright LEDs for better illumination.
- Saves captured images onto a microSD card.

### Includes:

MicroSD Memory Card Set x 1  
USB 2.0 Memory Card Reader x 1  
Disposable Protection Sheaths x 50
