

MONITEX

DiGiMax

GX-One

Alginate Mixer

Eliminate the need for
hand-mixing both alginate
and gypsum with just
one flexible mixer

DiGiMax GX-One Alginate Mixer

Revolutionizing the alginate mixers on the market, GX-One creates a whole new vision to the impression system. Retaining the high quality of Monitex alginate mixers, the new design of digital display allows for more accurate and precise control of alginate mixing.

Adding to GX-One's flexibility is a new mode that can mix dental gypsums, marking anew milestone for dental mixers. It provides 4 functions of modes to choose: full power, ramp-up, pre-mix and gypsum, users can program the mode setting as their preference.

The mixing time is adjustable from 1 to 20 seconds.

Full-Color Touch Screen Display
