Vmax GT370 Alginate Auto Mixer

Vmax GT370 alginate mixer is the perfect tool to create the highest quality alginate impression mixture. Using patented safety microswitches and anti-vibration mechanisms, Vmax ensures safe operation while providing high quality bubble-free impressions, owing to its high speed motor. And as a total solution of hygiene, Vmax is easy to use, easy to clean, and easy to maintain.

Simple steps to creating a perfect impression:

1. Add alginate powder and water into the mixing cup.

2. Moisten with the stirrer for a few seconds and close the mixing cup.

3. Put the mixing cup into the mixing well.

4. Cover the lid and press "START".

5. After mixing, use the spatula and remove the mixed impression.
